Messe Muenchen

Euro Windoor Association

China Construction Metal Structure Association

FENESTRATION BAU China— A must-attend event and a future-oriented business platform in Asia

FENESTRATION BAU China is Asia's largest and the world's second largest professional gathering in the building industry, consisting of an exhibition, conferences and concurrent events. It is committed to provide comprehensive and high-end solutions for the building industry in Asia.

The exhibition focuses on outstanding building products, materials, and services in conjunction with structured, long-term, and sustainable urban development. FENESTRATION BAU China provides a complete overview of the market—it showcases product innovations and reveals specific opportunities for the industry. As an efficient communication, networking, and information platform, it promotes business exchange between manufacturers on the one side, and project developers, architects, planners and distributors on the other.

FENESTRATION China + BAU

BAU, the World's Leading Trade Fair for Architecture, Materials and Systems, takes place every two years in Munich. BAU 2017 has just successfully closed with new records of 2,120 exhibitors from 45 countries, 250,000 trade visitors and more than 183,000 m² of exhibiting space.

FENESTRATION China, established in 2003, was Asia's No.1 professional exhibition dedicated to windows, doors and facade industry. Each year, there are over 600 major manufacturers and suppliers from China and abroad showcasing their whole series of products in the industry chain on a 100,000 m² platform.

**Don't miss out on the chance to be part of
FENESTRATION BAU China 2017!**

Facts and figures 2016

Exhibition Size: 98,680 m² (full area) / 45,922 m²
(sold space)

Exhibitors: 537

Visits: 80,000

Good reasons to attend FENESTRATION BAU China 2017

FENESTRATION BAU China is essential to your success. As an exhibitor, you can use this gathering of high-quality architects, project developers, engineers, investors for successful business transactions, and for lively exchanges with customers and industry experts.

- **Quality and innovation**

600+ high-quality brands

FBC focuses on products, technologies and practical solutions in the building industry, as well as innovation of business models, serving as a platform for business cooperation and information exchanges. Specializing in superior-quality and innovative solutions leads to growing demand for high-quality construction, as well as sustainable and environmentally compatible solutions.

- **Business-oriented and profitable partners**

100,000+ professional visitors

FENESTRATION BAU China's prestigious partners provide a link to the promising and booming Chinese market, ensure a high-quality program of related events and in doing so, pave the way for unique high-quality trade visitors.

The visitor target groups are architects, engineers, project developers, planners, investors and the construction industry.

- **Professional Organizer**

By uniting the resources of both Fenestration China and BAU Congress China and by leveraging on the resources of BAU—the World's Leading Trade Fair for Architecture, Materials and Systems in the construction industry, FENESTRATION BAU China is committed to provide comprehensive and high-end solutions for the building industry in Asia. It is supported by a competent and qualified project team, which has extensive know-how in this industry.

International partners

With a network of affiliates abroad – in Europe and in Asia – and over 60 foreign representatives actively serving over 90 countries, Messe München has a worldwide business network. Germany, Belgium, Austria, Italy and many other countries and regions already confirmed in terms of National Pavilions in FBC 2017.

Renowned partners provide links to the Chinese market, ensure the high quality of the supporting program and in doing so, increase the quality of the trade visitors.

Concept partners: DGNB, Fraunhofer BAU, ift Rosenheim

Supporting program partners: Bauverlag

Organizing partners: econet China

Industry partner: Hörmann

More than just exhibiting

Targeted and high value-added special events are concurrently held with the exhibition to help exhibitors to strengthen their brand image, create new business ties and deepen their market influence.

FENESTRATION BAU China 2017 focuses on building planning, design and construction and introduces more design concepts, new construction technologies, new products and new materials from Europe.
